

Prostate Cancer Screenings

One out of every eight men will be diagnosed with prostate cancer.

As part of a longitudinal research study, a free PSA (blood test) and exam will be offered to high risk* men 35 and over and all men 40 and over with no personal history of prostate cancer. Participants must sign informed consent and complete a questionnaire.

Thursday, September 21 - 5 to 7 p.m.
Saturday, September 23 - 9 to 11 a.m.
Steeplechase Cancer Center, Suite 2500
30 Rehill Ave,
Somerville, NJ 08876

This event is FREE, but registration is required.
