Meeting Program Plan

3/12/26
(Thursday)
1:45PM

Amy Maritato from the Office on Aging and Disability Services of Somerset County, will be presenting the wide range of programs, resources and support services the department offers to older adults and individuals with disabilities.

The presentation will highlight key services such as care coordination, benefits counseling, caregiver support and access to community-based resources that promote independence, safety and overall well-being. Additionally, how these services strengthen the community by supporting aging in place, reducing barriers to access and connecting residents with essential health, social, and long-term care supports will be discussed.

Pizza, soda, coffee and tea will be served. So, a lot of good reasons to join us for this meeting.
